## Cult Duramax Leader

Extremely smooth and 5x more abrasion resistant shock leader made of braided Dyneema®-Fibre to relieve the main line during far casts. A perfect combination with Climax CULT EXTREME!

## Cult Duramax Lead Core

Double-braided lead core material that fits perfectly with water beds. Thanks to its double braiding, this leader is especially abrasion resistant and created for waters with rocky grounds, mussel beds and stubborn roots.

CODE	LENGTH (m)	DIAMETER (Ø)	SIZE
<b>Cult Duramax Leader</b>			
OC200100	25	0.24	20 Kg
OC200110	25	0.30	25 Kg
OC200120	25	0.35	30 Kg
<b>Cult Duramax Leadcore Double Sheath</b>			
OC200150	5	-	35 Lbs
OC200160	5	-	45 Lbs

## Cult Hunters Braid

Thanks to its special fibre treatment and camouflage surface sealing, this leader is especially abrasion resistant and made for waters with rocky grounds, mussel beds and stubborn roots.

## Cult Heavy Metal Core

Instead of the normal lead core, a metal alloy, which does not burden waters, is used. The material is extremely abrasion resistant and easy to splice with the tight protective braiding. Ideal for fishing on water beds with obstacles.

CODE	LENGTH (m)	LBS
<b>Cult Hunter Braid</b>		
OC200190	25	25
OC200200	25	30
OC200210	20	45
<b>Cult Heavy Metal Core Super Supple</b>		
OC200170	5	35
OC200180	5	45

## Cult Combi Link Soft

Like CLIMAX Comblink Stiff but with a supple and weighted coating that blends in naturally with the lake or river bed. Expose the core by peeling off the coating to produce a sinking hook-link with an extremely soft and flexible tip for shy carp.
